

Counseling Dates Set At Carson

Preregistration for Carson High School, 22328 S. Main St., will be conducted on Thursday and Friday, according to Bernard J. Donahue, principal of the school.

Counselors will be available at the school from 9 a.m. to 3 p.m. during the special preregistration period. Students who are new to the Carson district should attend the preregistering sessions in order to expedite enrollment.

Students who have previously attended Carson High and who wish to make changes in their programs must report for preregistration. All students must present evidence of immunization against polio.

School will open Monday, Sept. 14. Classes will begin at 8:10 a.m. and will be dismissed at 12:30 p.m. on the first day.

Assessor Seeks New Appraisers

Men with accounting experience are being sought for permanent positions as business personal property appraisers in the County Assessor's department.

Four positions are to be filled immediately. Other qualified applicants will be employed as vacancies occur, a spokesman for the department said.

The career jobs, starting at \$614 a month, require graduation from an accredited college with a least 18 units in accounting and two years accounting or auditing experience, or completion of 12 units of accounting in an accredited college or recognized school of accountancy, or California state registration as a public accountant, along with three years accounting or auditing experience.

APPLICANTS must also have a car and a California class "D" driver's license or its equivalent.

Deadline for filing for these positions is 5 p.m. Monday, Sept. 14. Applications may be made either at the County Civil Service Commission office downtown in Room 493, Hall of Administration, 222 N. Grand Ave., or at the Long Beach office, Room 101, Long Beach County Bldg., 415 Ocean Blvd.

The examination will consist of written tests of knowledge of accounting, inventory accounting, communicative and reasoning skills and an oral interview.

New Safety Reflectors Get Tests

A new plastic wedge reflector which is to be used as a lane divider on state highways has been installed at three test locations in the metropolitan Los Angeles area.

The new reflectors have been installed on the San Bernardino Freeway at Kellogg Hill, on the inbound San Bernardino Freeway east of Fremont Street, and on the outbound Hollywood Freeway at the Hollywood Boulevard off-ramp.

State highway engineers will observe the effectiveness of the new reflectors before considering their wider use in Los Angeles.

Aeronca Corp. Gets Contract For Navy Mine

Aeronca Manufacturing Corp. has been awarded a contract for the Navy's Mark 57 mine by the Naval Ordnance plant at Louisville, Ky. The initial award is for \$1,800,000 during the first year.

S. J. Kuderer, president of Aeronca, said the first year amount represents initial funding on a three-year contract valued at \$5.8 million. Production is due to begin at once, with most of the work being done in the Mid-Ohio, plant.
